About

An Information Systems graduate from Universitas Airlangga specializing in AI/Machine Learning Engineering and Cloud Infrastructure, with strong hands-on experience in Computer Vision, Deep Learning, and Cloud Architecture. Proven expertise in end-to-end model development from image preprocessing (CLAHE, OpenCV) and deep learning architectures (MobileNetV2, Xception, TensorFlow) to deploying scalable RESTful APIs on Google Cloud Platform. Demonstrates strong technical rigor in optimizing model metrics (Precision, Recall, F1-Score) and latency trade-offs for enterprise applications.

WORK EXPERIENCE

Airlangga University **Surabaya, Indonesia**
Undergraduate Thesis Researcher / AI Researcher *Jan 2026 - Apr 2026*

- Developed SkinNetX, a hybrid MobileNetV2-Xception model to classify 4 skin conditions (Monkeypox, Varicella, Measles, Normal), achieving a peak accuracy of 91.11% across 1,428 images.
- Applied CLAHE preprocessing in YUV color space, enhancing feature contrast and boosting accuracy by up to 5.59% over baseline models.
- Optimized training convergence to 32 epochs using Transfer Learning and Keras callbacks, achieving a 0.95 F1-Score on Monkeypox detection.
- Evaluated performance via 5-Fold Stratified Cross-Validation (90 iterations), outperforming 4 SOTA architectures (VGG16, ResNet50, MobileNetV2, Xception).

Bangkit Academy by Google, GoTo, & Traveloka **Bandung, Indonesia**
Cloud Computing Path *Feb 2024 - Jul 2024*

- Configured and managed secure cloud infrastructure, utilizing IAM roles, Cloud Storage buckets, and Cloud SQL (MySQL) to ensure optimal data security and access control.
- Architected, built, and deployed scalable RESTful APIs on Google Cloud Platform (GCP) using Cloud Run and Docker containers to power backend applications for capstone projects.
- Monitored and optimized cloud services using GCP Logging and Monitoring tools, ensuring continuous application availability and API performance.
- Implemented Infrastructure as Code (IaC) using Terraform to automate resource provisioning, environment configurations, and deployment workflows.

Kurangwaktu **Surabaya, Indonesia**
Creative Lead *Apr 2024 - Jan 2026*

- Founded and managed an international e-commerce apparel brand targeting niche music demographics, directing end-to-end product design, supply chain, and digital marketing workflows.
- Produced and published 70+ creative contents across social media platforms, generating 5M+ total views and significantly expanding brand visibility and international customer reach.
- Coordinated talent operations by scheduling and directing product photoshoots with 6+ models from brand inception to present, ensuring timely content delivery aligned with product launch timelines.
- Analyzed cross-platform performance metrics across 6 channels (TikTok, Instagram, Shopee, Shopee International, Tokopedia, and Shopify) to optimize marketing strategy, product listings, and sales conversion rates.

EDUCATION

Airlangga University **Surabaya, Indonesia**
Bachelor of Information System (GPA: 3.14/4.00) *Jul 2021 - Jul 2026*

ORGANIZATIONAL EXPERIENCE

ISAC HIMSI 2023 **Surabaya, Indonesia**
Design & Media Creative *May 2023 - Nov 2023*

- Conceptualized and executed end-to-end visual branding and digital assets for a national high school UI/UX programming competition hosted by Information Systems UNAIR.
- Designed virtual backgrounds, promotional media, and operational digital assets to ensure consistent event branding across virtual platforms.
- Produced live documentation and Instagram story content throughout event sessions, boosting real-time audience engagement.

DEKAN CUP 2023 **Surabaya, Indonesia**
Logistics & Operations Specialist *Apr 2023 - Oct 2023*

- Directed a 6-month logistics operation, overseeing equipment procurement and preparation across 8 major competitions to ensure smooth event execution.
- Mentored and trained 18 logistics staff on inventory management, equipment workflows, and operational procedures.
- Managed end-to-end logistics operations for 1,000+ participants, supervising equipment mobilization and implementing proactive asset-tracking procedures to prevent loss or damage.

POINTER HIMSI 2022 **Surabaya, Indonesia**
Design & Media Creative *Jul 2023 - Aug 2023*

- Led a team of 8 creative staff in conceptualizing and executing end - to - end visual branding (Instagram feeds, cue cards, banners) and event documentation for university programs involving 100+ participants.
- Supervised creative workflows, delegated tasks, and ensured consistent brand identity across all digital and printed event assets

INFEST HIMSI UNAIR 2022 **Surabaya, Indonesia**
Logistics & Operations Specialist *Jun 2022 - Aug 2022*

- Managed end-to-end equipment procurement and technical setup across 8 competitions for 4 academic cohorts in the Information Systems department.
- Configured broadcast setups and technical hardware for YouTube live-streaming sessions, ensuring seamless virtual event delivery.
- Coordinated logistics mobilization and equipment allocation to guarantee smooth operational flow throughout all contest schedules.

SKILL & INTERESTS

Certificates (2024): Perform Foundational Data, ML, and AI Tasks in Google Cloud
Certificates (2024): Google Cloud Computing Foundations: Data, ML, and AI in Google Cloud
Certificates (2024): Belajar Penerapan Machine Learning dengan Google Cloud
Certificates (2024): Belajar Dasar AI

Hard Skills: Deep Learning, Machine Learning, Computer Vision, Transfer Learning, TensorFlow, Keras, OpenCV, Image Preprocessing, Data Augmentation, Model Evaluation Metrics, Python, Pandas, NumPy, Matplotlib, Seaborn, SQL, JavaScript, PHP, Dart, HTML/CSS, Laravel, React, Express.js, Tableau, Looker Studio, Microsoft Excel, Market Research, E- commerce Marketing, Campaign Management, Content Marketing, Digital Marketing, Customer Relationship Management (CRM), Git/GitHub, Jupyter Notebook, Adobe Photoshop, Canva, CapCut.

Languages: Fluent in English (Toefl Prediction 593), Native in Bahasa Indonesia and Javanese
